Blackhawk Academy Golf Academy Program

The program one on one instructions with a Professional Golf instructor with a proven track record.

Intro/Beginner Class:

The Introduction and beginner class are for any student wanting to learn to play golf. Starting out with little or no training in golf, the class criteria will be one hour session for number of lessons the student agreed upon.

Intermediate/Advance Lessons:

The Intermediate class is for students with playing ability, knowledge and has been playing golf for some time. These lessons are designed to the students' needs or desires to improve certain areas of their game. Advance Lessons: The Intermediate lesson is for students with playing very good playing ability and wants to improve for completing. Class is structure for players improve upon their mental and physical abilities. This is done by teaching course management and learning their weakness and playing within their strengths.

The programs are offered to all students wishing to enroll in one or all of the above lesson types. Other programs are available upon request such as group or couple (consisting of friends or married couples). Group size determines cost and time requirements
